## *President's Message ...*

Well , we made it through another busy July. Great teamwork and a lot of willing volunteers made for a successful July. There were the car cruises in Parisian's Parking Lot Monday evenings, Movies in the Village, Movies in the Moonlight in Rochester each Saturday, Sidewalk Sales, Puppy Day, Regular Club Meetings and Board Meetings. Every event was well staffed and well attended. Thanks and kudos to all of you; the leaders, the workers on the scene and behind the scenes!! It takes a lot of effort and work, but with everyone pitching in somewhere.. the many hands made for lighter work! Our presence at these events gives us more visibility within our community.

The new Food Wagon sure is more efficient and a more comfortable place to work. Many thanks again to Lion Mike Gendich for his generosity and forward thinking.

Don't forget our Annual Picnic in the Park, Monday, August 6 at 6:00pm, Rochester Park in the Pavilion behind the Police Station at Pine St. and Seventh. Lion Ralph Vitale has a big surprise for all the kids this year. The picnic is a time for fun and fellowship with our Lions' family and our own families....so come one and come all...there is always good fellowship and great food to be shared. Don't forget your spouse or guest, kids and grandkids...all are welcome!

*Sincerely, Lion Jim Williams*

## **LIFE IN ROCHESTER, MI**

Morris, an 82 year old senior, went to his doctor for an annual physical. A few days later, his doctor saw Morris walking into the local Starbucks with a gorgeous young woman. A couple of days after that, Morris' doctor called him with the results of his physical and said, "Morris, you're really doing great, aren't you?" Morris replied, "Just doing what you said, Doc: Get a hot mamma and be cheerful." The doctor said, "I didn't say that Morris. I said, "You've got a heart murmur and you need to be careful."

### American Express “Member’s Project” Update

The race for the \$5 million top prize was fierce. LCIF’s “Preventable Blindness for the World” project made it to the final 25 projects selected.

Additional voting narrowed the field to five project finalists. Unfortunately, our project was not selected. Here are the five finalists in order of votes garnered as of July 31, 2007:

- (1) Safe Drinking Water for Children—Votes 21,006
- (2) Teacher’s Ask, You Choose, Students Learn—Votes 11,319
- (3) Wind & Solar for Residential—Votes 11,436
- (4) Restore Our National Parks—Votes 9,554
- (5) Plant a Million Trees—Votes 5,532

Many thanks to all those who voted!

## Protect Yourself from Mortgage Fraud!

Imagine having to prove that your home—finally or nearly paid off; the place where you lovingly raised your family—is truly your home!

Unfortunately, today..there are no limits or ends that criminals will stoop to..including defrauding you out of your home. Here’s how it’s done..right here in Michigan! “Perps” are using forged documents to “buy” and then mortgage homes they don’t own, leaving the real homeowners with a mess that can cost thousands of dollars in attorneys fees to unravel.

Criminals are long gone by the time the fraud is usually discovered. Some Oakland County homeowners have literally learned that their homes have been “sold” out from under them only because they receive an eviction notice from the bank. It’s a devastating crime...that hurts everyone but none more than senior citizens who have saved a lifetime to purchase their home.

The FBI has named Michigan one of the top 10 hotspots for mortgage fraud, which often involved deed fraud. It’s so lucrative, one newspaper has dubbed it “the new street hustle.” Will it happen to you? Probably not, but education and awareness are the keys.

By law, the Oakland County Clerk/Register of Deeds Office must accept documents to be recorded if they are properly filled out. However, their office has developed, with private industry, a new online service that can help homeowners determine what documents have been recorded against their name with the Register of Deeds Office.

FRAUDCHECK, believed to be the first in the country, allows homeowners to go online to check recent activity. The service is FREE. To use FRAUDCHECK:

1. Go to [www.oakgov.com/clerkrod](http://www.oakgov.com/clerkrod)
2. Scroll down. Click on the FRAUDCHECK
3. Enter your name
4. Records will indicate any recent activity filed against your name.
5. **If there has been unauthorized activity, call our Tract Index Department at (248) 858-5696**

## July Meeting Happenings

Phil Townsend of the Rochester Community House was our guest speaker at the July 16, 2007 regular RLC meeting. Charlie Sanders Day celebrations are scheduled for August 26, 2007 at the Rochester Community House. Phil not only explained the history and many new uses of the Rochester Community House but also went on to emphasize the importance of the Charlie Sanders Day event and the effect it will have on our community to not only recognize pro football great Charlie Sanders as "one of our own" but more importantly to bring our community together to celebrate a noteworthy event (Charlie's induction into the Pro Football Hall of Fame). Phil was accompanied by his lovely wife, Marilee...who also brought along "Zachery," a "Future Leader Dog" in training.

## Think “Progress”!

By IPP, Lion Sherry McBroom

When Lion Mike Gendich was traveling to Florida and spotted a Concession Van for sale in Ohio, he just had to stop and take a look. Having been involved in the moving, maintenance and storage of our current Food Wagon, he was able to envision the potential of this motorized vehicle. So, what did he do? He bought it!

At the Board meeting on July 9<sup>th</sup>, Lion Mike presented a proposal to lease the Concession Van to the Rochester Lions Club for the remainder of this year for the amount of \$1.00. The proposal also included a “three person management team” to make the events run more efficiently and lighten the load on the 1<sup>st</sup> Vice President who is assigned the responsibility of Food Wagon. The Board agreed to the proposal, and the management team, consisting of Mike Gendich, Herb Mann and I immediately went to work to make the new truck operational for Sidewalk Sales which started on July 12<sup>th</sup>.

It has been FUN working in the Concession Van! In addition to our normally scheduled events, the opportunity came up to attend the Village Mall movie night on July 17<sup>th</sup>. Lion Mike got the request in the morning, we got approval from the Board, ran out to purchase items to sell without the requirement of a Health Dept. approval, and we were off on another venture. It sure is easier!

We thank those of you who have volunteered to help with our “Concession Wagon” this summer. We still have Rockin’ Rods in August, and there is the potential for some Fall events too. Remember, this is a transition for us, and we continue to learn from each event. But, whatever you do, think “progress” and VOLUNTEER!

### Famous Quotes

**Many forms of Government have been tried, and will be tried in this world of sin and woe. No one pretends that democracy is perfect or all-wise. Indeed, it has been said that democracy is the worst form of Government except all those others that have been tried from time to time.**

### **No, It's Not Too Soon!**

(Lion Sherry McBroom)

Since I am not one to wait until the last minute, I am already working on Nominations for the 2008-2009 calendar year. If you are interested in holding a position of Leadership in the Rochester Lions Club, please let me know. Nominations will be presented in February and the vote will be held in March. So, start thinking about it. We will need a 3rd Vice President, Tail Twister, Lion Tamer and 2 Board members. Lion Arnold is still looking for someone to learn the Secretary's job so he can look at other opportunities.

We have many qualified individuals in our Club and new ideas are necessary to make us grow and progress. The Lions Leadership Institute is in November and you can learn much about Lionism in a couple of days. If you are interested in attending, see Lion Jim Williams.

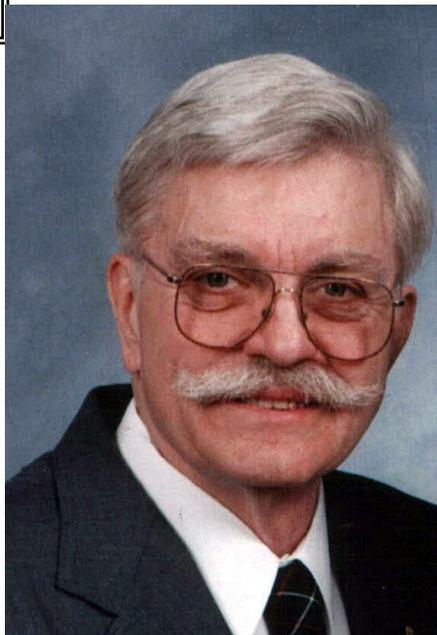

This process can be pain free if I don't have to go "beggin' and pleadin'".

**We Need You!**

### *Laughter...is the Best Medicine*

An elderly gentleman... had hearing problems for years. He went to the doctor and the doctor was able to have him fitted with one of the latest hearing aid models that allowed him to hear 100%.

A month later the man returned to his doctor and doctor stated that "Your hearing is perfect. Your family must be really pleased that you can hear again." The man replied, "Oh, I haven't told them yet. I just sit around and listen to the conversations. I've changed my will three times!"

### **Lion of the Month**

**Born July 31, 1939 in Pontiac, MI..Jim Kemler continues a proud family legacy and tradition as a Rochester Lion..and as a lifelong resident of the Rochester area.**

**Jim's father, Don was a Rochester Lion for 39 years (1952-1991). In addition to Don's faithful service to Lions...Jim's brothers David McKenzie and Chuck Kemler and**

**nephew Prescott Kemler are also current Rochester Lions Club members in good standing.**

**Jim joined our Rochester chapter in the early 1970's (exact date remains "hazy") serving in a variety important positions (Melvin Jones Fellow & Past Region Chair) over the years including President of our Chapter in 1990-91. Jim is no stranger to moving things...as an accomplished truck driver...his expertise has been instrumental over the years in moving our "old" food wagon on numerous occasions.**

**Jim is a member of the First Congregational Church of Rochester and enjoys babying his Harley and 55 Ford P/U.**

## Grandfather of Our Country

### Benjamin Franklin

**“Well Done is Better Than Well Said;”  
“A Man Who Lies Down With Dogs, Gets Up With Fleas;”**

**“A Fool is a Man Who Cannot Hide Wisdom;”  
“The Squeaky Wheel Gets the Oil;”**

**“A Real Friend Is Your Greatest Possession;”  
“When You Finish Changing, You Are Finished”**

**“Being Ignorant Is Not As Bad As Being Unwilling To Learn”**

**“Time is Money”**

The above examples are but a few of the many axioms of Benjamin Franklin who many consider “The Grandfather of Our Country.” The first of the baby boomers are now entering their sixties and beginning the end game of their lives. As in every other phase of their lives, this demographic group will have a major impact on the future of the United States. How will this aging cohort contribute in a productive way to our country?

Franklin’s achievements in his old age are the ones that are likely to remain the most indelibly etched in American history as more centuries go by. In an era when the average life span was somewhere in the forties Franklin lived to be 84. It wasn’t an easy 84, as he was beset with maladies common to the times. However, despite these setbacks he was undaunted.

Just after his seventieth birthday Franklin was busy as a revolutionary, presiding at the first Continental Congress, editing Jefferson’s work on the Declaration of Independence, and becoming its oldest signer.

To put Franklin’s age in context it might be useful to compare him to some of the historical founding luminaries of the time. John Adams was then 41, Sam Adams, 54, Thomas Jefferson, 33, George Washington, 44, John Jay, 31, and John Hancock, 39.

At 70, Franklin was only beginning his contribution to the birth and defense of the fledgling nation. He spent the next nine years in Europe, tirelessly working to provide financial and material support for the battle and subsequent peace back home. In 1782, he, along with John Jay and John Adams, negotiated The Treaty of Peace with Great Britain.

In 1785 he made his last voyage home. However, he still wasn’t done with his contributions. In 1787, he was elected president of the Pennsylvania Society for Promoting the Abolition of Slavery, as well serving as delegate to the Constitutional Convention.

As we all contemplate the aging process and where we fit in the scheme of things, we might stop and once again take a very hard look at the old Ben Franklin. We can’t be him, nor will we necessarily duplicate his grand achievements, but we certainly can try to think as he did about the seasons of life, and learn from his approach to all aspects of our lives.
